**COVER STORY** EXPORT TEMPLES OF INDIA

Exporters here in Madhya, with nearby farmers reaping fruits in the fields as high as 50-60 ft. There are agribusiness hubs, clustered exporters, and a strong export sector, not producing less than 100-150 crore annually in the region, going for the automobile or industrial exports in the region.

"Export is a low-margin, high-volume business. So, you need to focus on the right products, right markets, right prices. It's not just about the product, but also about the market you are targeting. You need to have a strong understanding of the market you are targeting, and you need to have a strong understanding of the market you are targeting."

**VERTICAL INTEGRATION**  
The Madhya Pradesh government has initiated a program to promote vertical integration in the export sector. This will help exporters to control the quality of their products from the source to the destination, and also to reduce the risk of price fluctuations in the market.

**"ONLY A HANDFUL OF EXPORTERS EXPORT DIRECTLY"**  
The Madhya Pradesh government has initiated a program to promote vertical integration in the export sector. This will help exporters to control the quality of their products from the source to the destination, and also to reduce the risk of price fluctuations in the market.
